Transnational Working Table

Innsbruck, Austria

FROM: 06.05.2014 TO: 06.05.2014

The first of two workshops on the results of projects in mountainous European countries and on the development of the Alps will allow participants to share knowledge and experiences on Alpine Space Projects. The meeting will also discuss WikiAlps, an encyclopaedia-like online platform, and its potential use in policy design and to promote the exchange of knowledge and experiences related to Alpine Space Projects. Civil servants, public administrators, researchers, entrepreneur from

Austria, Germany, Eastern Italy and Slovenia will attend.
